Aflatoxin M1 (DISNJ37)

PRODUCT INFORMATION

**Description:** Aflatoxins are very toxic chemical which always contaminate cereal, corn and peanut, etc., while aflatoxin M1 is the metabolite of Aflatoxins after being consumed by animals.

**CAS:** 6795-23-9

**Molecular Formula:** C_{17}H_{12}O_{7}

**Molecular Weight:** 328.276 g/mol

**Size:** 1mL

**Concentration:** 1ppm

**Purity:** 99.40%

**Storage:** 4±4°C

**Application:** Standards in ELISA

**Related Kits:** Aflatoxin M1 ELISA Kit (in Milk and Milk Products) (DEIA2546)
